MEAL PLANS

UW Oshkosh offers flexible meal plans for both our resident and off-campus students. Our meal plans are a perfect blend of meals and Titan Dollars, allowing students to have flexibility with their eating options on campus:

RESIDENT MEAL PLANS

All students living on campus are required to have a meal plan. Students with fewer than 30 credits must choose from our Classic or Access Meal Plans.

The Classic Meal Plan comes with 14 regular meals per week. You can use up to 4 regular meals per day. On weekdays, you can use Classic Meals at Blackhawk Commons, Blackhawk Xpress and Scotty's Market. (Beginning with dinner on Friday and through the weekend, use Classic Meals at Reeve Marketplace and Reeve Coffee House.)

The Access Meal Plan allows students the ability to have regular use of meals (up to 2 regular meals per hour) in Blackhawk Commons on weekdays. (Beginning at 2 PM on Friday and through the weekend, use regular meals at Reeve Marketplace.)

Both Classic & Access Meal Plans come with Bonus Meals that may be used for guests or self, anytime, at most campus dining locations and Titan Dollars that may be used at any food location or vending machine on campus.

OFF-CAMPUS STUDENT MEAL PLANS

If you live off campus, you can select any meal plan. Any of the plans provide students the flexibility to use meals during the day, anytime at most campus locations.

TITAN DOLLARS

You don't need cash on campus when you have Titan Dollars. Titan Dollars are accepted in most retail locations on campus, including the campus vending machines.
